

How we Demonstrate our British Values

Democracy

Pupils have the opportunity to share their views, opinions and suggestions through our School Council. The elections for School Council representatives are based solely on pupil votes. Pupils contribute to school evaluation and development through regular discussions in class and worship.

The Rule of Law

At the beginning of each academic year and from the start of the reception year, all pupils jointly negotiate class rules and are taught the importance of following them.

Pupils develop an understanding of their responsibilities and consequences experienced when rules and laws are broken. Class discussions as well selected Worship times reinforce the concepts of fair play and equity. The school's behaviour policy also supports the adherence to rules and expectations of exemplary behaviour.

Individual Liberty

Children are encouraged to have high aspirations, to make choices and to participate fully in the ranges of educational opportunities on offer.

Pupils are regularly taught strategies to keep themselves safe, and they develop an understanding that their individual choices and liberties can positively influence their own and others' lives.

Mutual Respect

At Holy Trinity we continuously stress the importance of respect for all members of our community. This includes individuals who are different in age, needs, beliefs, ethnicity, gender, sexual orientation, and culture.

We celebrate, recognise, and reward these differences and achievements in lessons and at our termly Celebration Assemblies.

Tolerance of those in our Society of Different Faiths and Beliefs

At our multicultural school, pupils learn about and celebrate different cultures and faiths. We develop children's ability to demonstrate initiative and foster an understanding of how their individual contributions can positively impact our wider community. Consequently, pupils confidently take risks and face challenges with optimism.
