Wider Curriculum- History

We will be comparing schools from the past with how schools are today. We will be able to:

- Correctly order and date four photographs on a timeline and add some dates.
- Ask one question about schools in the past.
- Make one comparison between schools in the past and present.
- Use sources to research and develop an understanding of what schools were like 100 years ago.
- Identify three features of a classroom now and a classroom 100 years ago, identifying some similarities and differences.
- Recognise two similarities and two differences between schools now and schools in the past.
- State whether they would have preferred to go to school in the past or not and explain why.

Science

During Science lessons we will be looking at microhabitats, we will be able to:

- Identify and name a variety of plants and animals.
- Recall that minibeasts live in microhabitats.
- Describe microhabitats and their conditions.
- Describe how microhabitats provide for the basic needs of animals and plants.
- Describe the job role of a botanist.

RE

In RE, Year 2 will be learning about **How do we care for our world and why does it matter? We will be able to:**

- Re-tell Bible stories and stories from another faith about caring for others and the world.
- Identify ways that some people make a response to God by caring for others and the world.
- Talk about issues of good and bad, right and wrong arising from the stories.
- Talk about some texts from different religions that promote the 'Golden Rule', and think about what would happen if people followed this idea more.
- Use creative ways to express their own ideas about the creation story and what it says about what God is like.
