Mathematics

This term we will continue to explore mathematics both as a class and as part of our learning environment. Children will be encouraged to explore new vocabulary and mathematical concepts..

Overall aims:

- Identify and Compare circles and triangles
- Subitise and represent numbers up to 5
- One more and one less
- Identifying shapes in the environment
- Timings of the day

RE

This term we will be looking at the stories of Jesus' birth. We will be looking at the significance for Christians because for them Jesus is not just a special baby, nor even a 'royal baby', but a completely human baby who is God 'in the flesh', and who they call 'God's Son'. The stories told at Christmas cover a span of about three years, but all get told together.

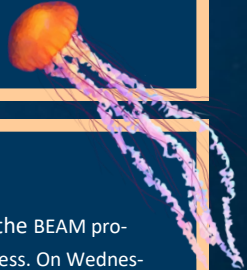

Topic

Our topic this term is 'Celebrations around the world'. Each week we will be focusing on a different country and looking at what holidays or days of remembrance they have. We will finish the unit by looking at Christmas around the world and how different people celebrate it. Check out the last
